

Sept. 26, 1980

Dear Mom & Dad,

Sorry I missed you yesterday when I called from Mike's office. I was in there all morning and didn't want to call too soon, but then I guess called too late.

I just got through walking Diane back to school, which she missed this morning due to her Doctor's office check-up. Her ears are just fine. She is ~~you~~ doing ~~just~~ very well, and her system is a lot more regular. I know that about milk, which you told me about, but it doesn't seem to bother Diane. She hasn't wet the bed for a long time either. The children were having lunch in the cafeteria when we went back, and it seemed they all called out - Hi Diane! Diane gets along so well with all the kids.

Mike gets out early today, so we are going to take Diane to the zoo or to a show late this afternoon. The weather is cooler today, (70's) and there is a nice wind.

Tomorrow is the school fair at George Mason, and then Sunday is Catherine's birthday, so Diane will be very busy this weekend.

Diane will love it if you make some Barbie clothes. All the girls in the neighborhood get together to play with their Barbies, and love each outfit.

I hadn't heard that news about Carolyn & Tom, and Carolyn didn't mention it to me when we played tennis the other day. She did say, however, that she's seeing someone else, which I'm glad of. She had so much fun with Jim and Vickie ^{for now.}

P.S. Thank Tiffany for the paper doll birthday card. Bye for now, Mary
